

Strategy of ELAN

1st ELAN Workshop
in Frascati

Goals of this Meeting

- Define the main objectives of ELAN with YOU
- 250 responses received from contractors + associates
- Consolidate our structure:
 - Connections between WP
 - Policy for publications
 - Policy for proceedings
 - Format of meetings
 - Financial policy
 -
- Recall our **commitments** (milestones, deliverables) to Brussels and clarify the form of your contributions
- Relationship of ELAN to **SRF** and **PHIN**
- Collaboration with **EUROTeV** now and after approval

Main Deliverables

As presented during the kick-off meeting at CERN:

- **Web Sites** to centralize and disseminate infos on the field covered by ELAN -> started
- Development of **databases** and documented **code repositories**
- The Final Report of ELAN:
 - **Priorities** for R&D with eventually new JRA, DS
 - **Status of the art** of the various WP
 - Possible synergies between different techniques of acceleration

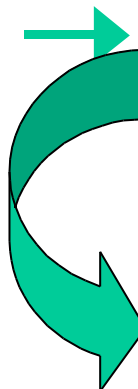

Intermediate Deliverables

- **Proceedings** of the workshops (internal and external)
- **Progress reports** of the various activities
- **Annual reports** of the ELAN network
- **Courses** (dissemination of knowledge)

To be discussed during the present Meeting

Publications in CARE/ELAN

Frascati
Talks

CARE/Activ-note- Year-number	Responsibility of authors	No Review	No journal publication Number assigned by NA/JRA coordinators
CARE-pub-year(04)- number(001)	CARE responsibility	Internal review EU approval ? <u>NO</u>	Journal publication Central numbering
CARE-Report-year- number	CARE responsibility	Submitted to Brussels	Covers yearly and intermediate and final reports to Brussels Central numbering
CARE-Conf-year- number(Activ)	NA/JRA responsibility	Abstract approved by NA/JRA coord. Internal review EU approval ? <u>NO</u>	Aimed at conference proceedings Central numbering
CARE-preprint-year- number(Activ)	CARE responsibility	Internal review EU approval ? <u>NO</u>	Aimed at CARE conf/workshops and Reviewed papers not aimed at journal pub. Central numbering

In the immediate future

- Talks given at Frascati to become **ELAN notes** which can be referred to in the ELAN yearly report
 - Other forms (internal ELAN preprints, contributions to conferences, publications) are welcome but need not be synchronized with the present workshop
 - WP leaders to write a 2-4 pages summary of the outcome of the present meeting
 - The next milestone is set by the CARE SC which will be held in Warsaw (**June 24-25**)
- > We need to establish very soon our credibility with Brussels (e.g. decision on EUROTeV)

ELAN €

- 50 % of the resources comes from Brussels ~ 140 K€/year
- Priority in 2004 for Frascati and DESY WS
- No strict sharing rules applied so far: try to adapt to the **real participation** to avoid 'dormant money'
- Assuming 73 non LNF participants and with a reasonable cost (<700 €) ~50K€ will be spent for the present meeting
- Suggestions welcome
